

My dear Giulia.

You surely arrived home in Schaffhausen alright!! It must have been a joyous trip, you and Tanti together. You have so much to tell her and recount! You are probably celebrating all kinds of happy reunions today?! By chance I saw Dr. Gukelberger today and asked him how long you were allowed to stay (in Schaffhausen) and he said 2 weeks. So I wish you much joy and productive days. Are you taking walks in town along the river Rhine? How does everything seem to you? Don't forget your gymnastic exercises while enjoying your stay!!! Very best wishes to your Tanti.

Loving regards to you, your Sister Luise.

Please write to me when you will be arriving back at the Inselheim. Do you have any time left to think of the Insel hospital? Use your time well in all ways. I saw Erna and Berteli taking a walk in the hospital garden.
