

My dear Daddy!

I am very happy that you will be coming on the 13th of March, because it is my birthday. My mother is at home and we are very happy. I shall get a gun from her. I got six auto-cars. Five big ones and one small. They are very nice. I got a number 1 for my latin exercise. Peter my cousin comes very often to us and we play very much. I have a lamp which looks like a fountain pen. I have to learn very much for school. Fici learns also very much. I must go to school at 8 a clock. I would like to climb the Mount Everest. Aunt Betty is very nice and sleeps very much.

Best wishes from your

Gábor
